ADMISSION GUIDE

2026
2027

Introduction

Our wise leadership—may Allah's blessings be upon it—consistently prioritizes education as a cornerstone of our development and advancement. They recognize that nurturing an educated populace is essential for fostering progress in every sector. In response, the Kingdom allocates substantial resources and extends unwavering support to ensure exceptional academic achievement across all levels.

Founded in 2009, Sulaiman Alrajhi University has emerged as a prominent institution in Saudi Arabia's higher education landscape. The University is dedicated to providing an enriching educational experience, fostering a vibrant learning environment where students are encouraged to thrive. By integrating cutting-edge technologies with globally recognized academic standards, Sulaiman Alrajhi University ensures that its graduates are well-prepared to meet the challenges of an ever-evolving world.

Our Vision

Inspirational Education, Distinguished Graduates, and Sustainable Impact.

Our Mission

An influential university that prepares competitive competencies and fosters research and innovation to contribute to community development through highly professional practices and integrated partnerships.

Our Values

- Contribution
- Innovation
- Excellence
- Loyalty
- Governance

About the University

Sulaiman Alrajhi University is a non-profit organization located in the Al Bukayriyah Governorate of the Al-Qassim Region. The University aims to provide high-quality high-quality academic programs within an educational environment that encourages creativity and innovation.

The University is dedicated to empowering students by providing a comprehensive education aligned with the evolving demands of local and global job markets. This commitment goes beyond mere academic instruction; it emphasizes the development of students' personal attributes, fostering qualities essential for their academic and professional achievements. With a team of distinguished faculty members renowned in their fields and state-of-the-art educational facilities, the University creates an enriching environment where students can thrive and prepare for their future careers.

Sulaiman Alrajhi University also offers undergraduate and postgraduate programs in multiple academic disciplines, including business administration and health sciences. The University places a high priority on scientific research, fostering an environment that encourages students to enhance their skills and knowledge across diverse disciplines.

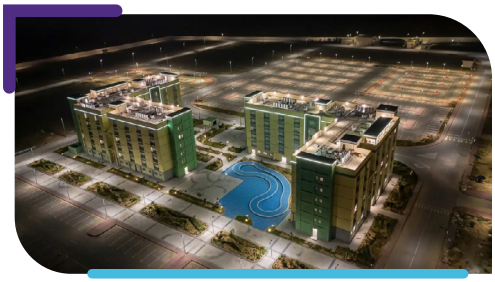

In addition to academic excellence, the institution is dedicated to instilling strong ethical collapse spaces in its graduates. By cultivating a motivating and professionally enriching educational atmosphere, the University aims to equip individuals with the tools necessary to make meaningful contributions to society.

Campus Life :

Believing in the importance of providing a suitable environment that supports students' academic journeys and ensures the comfort of all university members while meeting their needs, the University administration is committed to maintaining the highest standards of quality and safety through an integrated system of services, including:

1. Student Housing

Student housing provides an environment conducive to academic achievement, characterized by tranquility and privacy. Facilities include prayer areas, service facilities, educational and recreational amenities, sports facilities, transportation services, and 24-hour internet access.

2. Educational Resources

Sulaiman Alrajhi University provides numerous educational and knowledge resources through a library located within the university campus and student housing, as well as electronic resources accessible anytime and anywhere.

3. Primary Healthcare

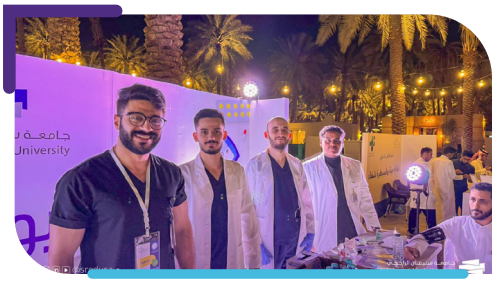

The University includes a primary medical clinic to handle emergency cases, providing a safe and secure healthcare station on campus

4. Transportation

Sulaiman Alrajhi University provides free transportation services for beneficiaries of student housing to and from the university. Transportation to training sites is also available while fully respecting female students' privacy.

5. Community Activities

The University promotes the spirit of giving and participation among students, encouraging them to become constructive contributors to society through an annual system of community service hours.

6. Leadership Skills

The University places special emphasis on students' personalities through programs, events, activities, and guest sessions designed to empower them to assume leadership roles and become influential and proactive leaders. The University also recognizes and rewards students' leadership development hours.

7. Quality of Campus Life

Students at Sulaiman Alrajhi University benefit from a wide range of classroom activities, recreational, health, and sports programs that offer opportunities to participate in numerous competitions. These activities also allow students to showcase their talents and develop their abilities and skills in religious, scientific, cultural, social, artistic, and sports fields.

8. Hajj and Umrah Trips

The Student Affairs Department organizes Hajj and Umrah trips to facilitate students' performance of religious rituals and to introduce them to the tremendous governmental efforts made to serve the Two Holy Mosques.

9. Trips and Visits

The University offers programs that include specialized trips and visits to enrich students' knowledge, strengthen national belonging, and enhance their capabilities and skills, as well as recreational trips to refresh students and renew their energy.

10. Cafeteria

The university campus includes a cafeteria that provides meals for university staff and students.

Accreditations and Partnerships

معتمد
ACCREDITED
2020 - 2026

Maastricht University

01
Institutional Accreditation:

- Sulaiman Alrajhi University has obtained institutional accreditation from the National Center for Academic Accreditation and Evaluation (NCAAA).

02
Program Accreditation:

- **(College of Medicine):** Full program accreditation from the National Center for Academic Accreditation and Evaluation.
- **International Partnerships:** Academic partnership with Maastricht University in the Netherlands for the College of Medicine.

Colleges

The University includes a group of specialized colleges designed to meet labor market needs:

01 College of Medicine

02 College of Nursing

03 College of Applied Sciences

04 School of Business

College of Medicine :

Sulaiman Alrajhi University offers a comprehensive Medicine and Surgery program that spans six academic years of on-campus learning, followed by an essentialone one year dedicated to a practical internship. This innovative medical curriculum, delivered in academic partnership with Maastricht University in the Netherlands, adopts an advanced, student-centered approach known as Problem-Based Learning.

This pedagogical strategy encourages students to engage actively with real-world medical challenges, fostering critical thinking and problem-solving skills.

The curriculum is thoughtfully crafted to incorporate the latest advancements in healthcare, ensuring that students are well-versed in contemporary medical practices and technologies. The program aspires to develop competent physicians who not only possess the necessary medical knowledge and skills but also understand the diverse needs of their communities.

Graduates are prepared to deliver high-quality healthcare services, grounded by practical experience and enhanced by exceptional personal attributes vital in the medical profession. Overall, this program aims to cultivate a new generation of healthcare professionals who are equipped to meet the evolving demands of the field.

The University also seeks, through its Medicine program, to improve the level of healthcare in the Al-Qassim Region, in particular, and across the Kingdom, in general, by providing distinguished healthcare services and actively contributing to medical research and studies, while involving students in research experiences to prepare them for successful professional careers.

Program Structure in the College of Medicine

The program consists of three stages:

Foundation Year	Core Academic Years	Internship Year
One academic year	Five years	One Year

Total duration of the Medicine and Surgery Program **7 years**

Application Procedures and Steps

Application Procedures and Steps:

New and transfer students wishing to join undergraduate and master's programs at Sulaiman Alrajhi University must follow the steps below:

Step One:

01 Account Creation :

Click here

- The applicant creates a new account through the Admission Portal.
- The applicant enters the required basic information (mandatory fields) as a minimum requirement to create the application successfully. The admission application data may be completed gradually throughout the application submission period.

» Required Basic Information (Mandatory Fields):

- Personal Information
- Secondary School Information
- Desired Programs
- Admission Test Results (Qiyas: Qudrat and Tahsili)

Step Two:

02 : Upload Clear Electronic Copies of the Required Admission Documents

- National ID (for Saudi applicants) or Iqama ID (for non-Saudi applicants).
- Copy of the Secondary School Certificate.
- Personal photograph (for male students only).
- Copy of Passport (for non-Saudi applicants).
- Copy of the General Aptitude Test results (if the displayed score in the application is incorrect).
- Copy of the Achievement Test results (if the displayed score in the application is incorrect).
- **Additional Information:** References - Languages spoken by the applicant - Other information

Step Three:

02 Verify Application Accuracy

- To be considered for admission, applicants must complete all sections of the application and ensure all information provided is accurate.
- It is important to mention that the accuracy of the information is considered the applicant's responsibility, and the applicant must verify the accuracy of each submitted detail.
- Please note that any application that is not fully completed or contains inaccuracies will be disqualified and not reviewed.

- Following the review of applications, applicants will receive notification regarding the program for which they have been nominated, enabling them to promptly complete the admission procedures.

Scholarships and Financial Solutions

Scholarships and Financial Solutions

First:

01 Scholarships

» Students may review scholarship requirements and maintenance policies through the Scholarship Guide.

Click here

Second :

02 Financial Solutions :

» To support students and provide flexible payment options (installments), agreements are available with approved financial solution providers such as:

tamara

JeelPay

صندوق مسلك التعليمي
Maslak Educational Fund

These solutions aim to provide financial facilities that enable tuition installment plans suitable for students and parents.

» Personal Information
» Complete Secondary School Information
» Achievement and Aptitude Test Scores
» Desired Programs
» Attachments

Once all requirements are completed, the application will be considered complete.

» How can I confirm that my application is complete?

You will be contacted if any information is missing or if your documentation is incomplete in your application.

» What should I do if I made a mistake in my application (entered incorrect information or forgot to add something)?

Please contact the Admissions Office directly via email: admission@sr.edu.sa

» When will my admission decision be announced?

Admission decisions are announced according to the timeline specified on the University's official website.

» Can I apply for admission to more than one college?

Yes, you may apply to more than one college, and one of your selected preferences will be accepted.

» Can I change my major after submitting the application?

Please contact the Admissions Office via email: admission@sr.edu.sa

» How can students obtain the study plan for an academic program?

Students can access the study plan on the University's website by visiting the relevant program page.

» Can Achievement Test scores be updated after new results are issued?

Yes. Scores may be updated by sending an email to: admission@sr.edu.sa. Please explain the issue and include your application number. The information will be updated after verification with the National Center for Assessment.

» If my Achievement Test score has not yet appeared, when can I apply?

Applicants may temporarily enter their previous test score (which can later be updated) and contact the Admissions Office via email explaining the issue and provide the application number.

» I would like to study at the University, and I am outside Saudi Arabia. How can I apply?

You may apply through the "Study in Saudi Arabia" platform.
